McIntyre Community Tree Planting

NeighborWoods Tree Planting Plan

for

Saturday, October 19, 2013

Participants' Feedback

“Just would like to thank you and your Organization, for the trees that you gave and planted in our neighborhood of McIntyre last fall. They are a beautiful addition to our Properties. Thank you so very much.”

“Thank you so much for everything you did to make our neighborhood tree planting & street trees a reality. Last week the street trees were planted on Prestbury Blvd & Bayview Pkwy. They look beautiful! I attached a before & after photo of the Bayview Pkwy entrance.”

Participants' Feedback

“I would also like to say THANK YOU to everyone who helped plant the street trees! They are absolutely beautiful and I look forward to the fall colors. It really makes us happy to drive up to a beautiful neighborhood knowing we actually live there.

Thanks again, I really appreciate all that everyone has done!”
