

Nellie Stevens Holly

Ilex 'Nellie R. Stevens'

Category: Evergreen

Growth Rate: Fast

Adaptability: Partial shade to full sun.

Shape: Oval

Size: 15-25' tall, 6-10' wide

Fall Color: Green

Wildlife Value: Attracts many birds, including, bluebirds, northern cardinals and cedar waxwings.

Description: This plant has better heat tolerance than many of the hollies, and is a good selection for hot southern areas. Berry-like bright red fruits ripen in fall and persist into winter. Can be used as a screen, windbreak, barrier or border.
