

Exclamation!™ London Planetree Platanus acerifolia 'Morton Circle'

Category: Deciduous

Growth Rate: Fast

Adaptability: Full sun

Shape: Pyramidal

Size: 55-65' tall, 40-50' wide

Fall Color: Yellow to brown

Wildlife Value: Birds, pollinators, and small mammals will benefit from the tree as a minor food source and a good source of cover.

Description: This is a large tree with beautiful peeling bark. It is resistant to anthracnose and frost cracking. Grows best in moist, deep, rich well-drained soil in full sun. Does not tolerate shady sites. Ball-like seed heads (1 inch diameter) hang in pairs from long stalks.
