

# Sparkling Wine Redbud

*Cercis canadensis*

**Category:** Deciduous

**Growth Rate:** Moderate

**Adaptability:** Full sun to part shade, part shade best in hot climates, needs well-drained soil

**Shape:** Dense; flat to rounded crown, often multi-stemmed

**Size:** 10-15' tall, 10-15' wide

**Flowers:** Dark lavender blossoms appear before leaves

**Description:** Dark purple-leaved cultivar. Redbuds are best known for their pea-like flowers which bloom profusely on bare branches and mature trunks. They are native, drought tolerant and have heart shaped leaves.
