

# Styrax, Japanese Snowball

*Styrax japonicum*

**Category:** Deciduous

**Growth Rate:** Slow

**Adaptability:** Partial shade to partial to full sun

**Shape:** Rounded and vase shaped

**Size:** 10-15' tall, 10-15' wide

**Fall/Flower Color:** Insignificant red and yellow fall color;  
white to pink, mildly fragrant flowers

**Description:** A compact, deciduous flowering tree with horizontal branching and rounded crown. It is noted for its pendulous clusters of bell-shaped, mildly fragrant, waxy white to pink flowers that bloom in May-June.
