

Swamp White Oak

Quercus bicolor

Category: Deciduous

Growth Rate: Moderate

Adaptability: Full sun

Shape: Broad, rounded crown

Size: 50-60' tall, 50-60' wide

Fall Color: Yellow

Description: Leaves are dark, shiny green above and silvery white beneath. Fall color is yellow, but sometimes reddish purple. Acorns mature in early fall. A good tree for wet ground and low spots. Also has surprisingly good drought resistance.
