

## Merlot Redbud

*Cercis canadensis 'Merlot'*

**Category:** Deciduous

**Growth Rate:** Moderate

**Adaptability:** Partial to full sun; drought and heat tolerant

**Shape:** Upright, rounded

**Size:** 10-25' tall, 15-25' wide

**Flowers:** Showy pink blossoms in spring

**Description:** Leaves of 'Merlot' are heart-shaped, thick, and dark purple. Mature plants flower heavily with strong bright pink flowers that are self-cleaning, and have a low seed set. Plant as a small specimen tree or in groups where the wine-red foliage will add dramatic color and contrast.
