

Cherokee Brave Dogwood

Cornus florida 'Cherokee Brave'

Category: Deciduous

Growth Rate: Average

Adaptability: Full sun to partial shade, full sun requires more water and care

Shape: Low-branching, broadly-pyramidal but somewhat flat-topped habit

Size: 15-30' tall, 25-35' wide

Flower Color: Pink blooms fading to white in the center

Description: Native tree. Oval, dark green leaves turn shades of red in fall. Bright red fruits are loved by birds. Prefers moist, organically rich soil in part shade. Benefits from 2-4" mulch which helps keep roots cool and moist in summer.
